Dear Pat,

Sorry I didn't get back again but left in sort of a hurry. I enjoyed the lunch and the conversation on our favorite subject. I have learned nothing of my future in the Navy since speaking with you but know they need technical help in the field I am involved in at the moment.

I am due in Washington in March to present the Pacific ASW picture to the Secretary. I will be in touch with you and come to see you. Tell Mr. McCone hello for me and that I worry about the same things he does.

Regards,

"Chick" Hayward
